The successful candidate must be committed to uplifting student voice, bringing families into decision-making, and supporting educators, administrators, teachers, and all school staff in the success of our students. The Board seeks a candidate who has a solid foundation in instruction and how students learn, as well as a belief that learning does not happen in a vacuum and is most effective when students feel supported and have access to services that prioritize their physical and mental health. Ideally, candidates will also have demonstrated experience leading and supporting a large, diverse and distributed workforce with a keen understanding of the need to foster a positive and inclusive culture to advance student and staff success. Candidates must have demonstrated experience improving outcomes and closing opportunity gaps for students of color, multilingual learners, students with disabilities, and students of diverse socio-economic backgrounds.
